LOOK AT LUCETTE

LUCETTE (Bill's Origination)
A new commercial white

We are now able to offer this new variety in quantity at prices that will make it an attractive purchase.

As seen growing in the fields it appears to be absolutely pure white but the back of petals carry a trace of phlox pink which imparts an alluring orchid sheen to the flowers. The lower petals also have a dainty subdued feather of wonderfully soft phlox pink. As a commercial white it is ideal in color and form.

Strong Robust Grower

First size bulbs under our field culture produce spikes with 18 to 20 buds opening 8 to 10 perfect flowers at once. Very straight grower with perfect arrangement of florets on the stem.

Cut flowers brought excellent returns in the wholesale flower market of New York City.

Those who have tried it pronounce it to be one of the best whites for forcing.

A wonderful bulblet producer and bulblets germinate over 95%.
